

## Applegate Library News

Our "Celebrate Applegate Day" on October 4 was a big success. The library was filled with the products of local artists both in the meeting room and in the main part of the library. People appreciated the opportunity to see what a large community of artists live here in the Applegate. The library turned into a high-quality gallery from 10 am to 5 pm. A percentage of the art that was sold went to the Friends of The Applegate Library (FOAL).

On the evening of October 4, Eve's Cafe sponsored a fundraising dinner for FOAL. After a rain-filled day, the sun came out at 5:30 to allow the first seating of about 50 people outside in the garden. Music was provided by Monte and Maya Killingsworth. For the second seating at 7:30, a new group arrived to fill the cafe indoors and hear the music of Kristi Cowles and Clint and Steve Driver. A great way to end a fun-filled, beautiful day.

Carole Karvis is announcing the High Quality Book Sale at the Applegate Library, which will last one whole week this year, from November 18 through November 22. Even though the two days on Wednesday and Thursday are not regular library hours, the library will be open on those days for the book sale. Hundreds of high-quality books will be available ranging in price from 50 cents to higher prices depending on the rarity and quality of the book. There will be plenty of fiction and non-fiction, as well as specialty items, as for instance, "The Art of Tea," including a small tea set on the inside, and a meditation kit, complete with candle.

Look forward to more programs this coming year. Tom Doty will be back with us in February with more Native American Storytelling.

**THANK YOU!**

Our Celebrate Applegate fundraising event for the Applegate Library was a community endeavor. Many thanks to all who participated by sharing their art and donating some of the proceeds to the library. Thanks again to Eve's Cafe, which donated time and energy to making the fundraising dinners and providing two seatings in one evening that enabled us to extend our invitation to the whole community. Also thanks to the folks who helped set up the library, and those who helped set up the garden at Eve's to protect us from the rain and wind. And, of course, many thanks to the musicians who donated their time and beautiful music to enhance our evening at Eve's. It truly was a community effort and our library will benefit from all of your work.

## The Applegater also had help from Angels

This past August, a small group of "Angels" was invited to attend an afternoon of fun, including a dinner party that was catered fabulously by Eve's Cafe. Each Angel at the event, plus a few who were unable to attend, made a significant and generous financial commitment to the *Applegater* Newspaper to help continue its publication.

The Angels concept is to bring together individuals who are willing and able to donate financially to the *Applegater*, and who share a community spirit that recognizes the need for the Gater to continue its free distribution to all households in the Applegate watershed. We all know the value of the articles—from the fun and tidbits to serious fire and forestry issues—that the paper has covered so well. The Angels graciously donated their money in support of their commitment to the paper. The *Applegater* is now assured to continue for at least a few more publications.

It is extraordinarily nice to have Angels at your side!
